Introducing Cyber Suite

Cyber and Security Coverages For Mental Health Counselors and Marriage and Family Therapists

Mental health counselors and marriage and family therapists who maintain confidential patient / employee information have a responsibility to safeguard that data. With data breaches and cyber attacks becoming increasingly common, having the right cyber protection in place is critical. We offer **Cyber Suite**, a comprehensive coverage endorsement with multiple layers of insurance defense against the complex, ever-evolving cyber risks that mental health counselors and marriage and family therapists face every day.

Highlights Of the Endorsement

Coverage:

- **Data compromise response expense** - provides the resources to respond to a breach of personal information.
- **Computer attack** - provides resources to respond to a computer attack.
- **Cyber extortion** - responds to an extortion threat.
- **Data compromise liability** - provides defense and settlement costs in the event of a suit related to a breach of personal information.
- **Network security liability** - provides defense and settlement costs in the event of a suit alleging that a system security failure on the part of the insured caused damage to a third party.
- **Electronic media liability** - provides defense and settlement costs in the event of a suit alleging that the insured infringed on a copyright or trademark, defamed a person or organization, or violated a person's right to privacy.
- **Identity recovery** - provides owners of the insured practice with case management service and financial resources to recover control of their identities after an identity theft.

Risk Management: Access to eRiskHub®, a risk management portal designed to help prepare and respond effectively to data breach and cyber attacks.

Other Services:
